Weekly Newsletter to Parents  
Friday 19th March 2021

Spring 2 - Week 25

This week we pray for...

... Our Year 1 Children.

Dear Parents, staff and children,

A big thank you to Year five for leading a beautiful Mass this week. We all learnt a lot from Father Joe about the Holy Trinity. Your general knowledge and answers were very impressive. Thank you to Miss Hanrahan for preparing the children so well.

A quick reminder about Parents Evening on Tuesday 30th and Wednesday 31st March. This will be held via the telephone due to the current COVID restrictions. If you have still not booked an appointment please contact the school office.

Also (I can't quite believe that we are discussing this already) Year six Leavers Hoodies are available to order now on ParentMail. Please complete the form provided on line.

We are delighted to announce that after Easter we will be starting up our After School clubs again. To start of with there will be a Key Stage One and Key Stage Two Monstercrafts club, A netball club for Year Six and football for years three to six. If your child is interested in any of these After School activities please go onto Parentmail and sign them up.

Next Friday will be a non-uniform day where children will be allowed to come in their own clothes at the cost of a pound. Finally a quick reminder that Monday is a staff Training day so staff will all be on site but not children. We will see you all on Tuesday.

Enjoy your long weekend everyone. Take care.

Mrs Calvert-Lyons  
Head of School

# Advice on the coronavirus for places of education

## How serious is the coronavirus?

- It can cause flu-like symptoms, including fever, cough & difficulty breathing
- The infection is not serious for most people, including children
- There is currently no vaccine
- Most people get better with enough rest, water to drink and medicine for pain

## How likely are you to catch the virus?

- You can only catch it if you have been close to a person who has the virus
- The chance of being in contact with the virus is currently low in the UK
- If you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

## How can you stop coronaviruses spreading?

### If you need to cough or sneeze

**Catch it**  
with a tissue

**Bin it**

**Kill it**  
by washing  
your hands with  
soap & water or  
hand sanitiser

### You should wash hands with soap & water or hand sanitiser

**After breaks  
& sport  
activities**

**Before  
cooking  
& eating**

**SCHOOL  
ETC.**  
**On arrival at  
any childcare  
or educational  
setting**

**After using  
the toilet**

**Before  
leaving  
home**

**Try not to touch your  
eyes, nose, and mouth  
with unwashed hands**

**Do not share items that come  
into contact with your mouth  
such as cups & bottles**

**If unwell do not share  
items such as bedding,  
dishes, pencils & towels**

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: [campaignresources.phe.gov.uk/schools](https://campaignresources.phe.gov.uk/schools)

## What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call **NHS 111** for advice. Follow the UK Government advice for childcare or educational settings [gov.uk/government/publications/guidance-to-educational-settings-about-covid-19](https://gov.uk/government/publications/guidance-to-educational-settings-about-covid-19). Parents can visit [NHS.UK](https://NHS.UK) to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Wuhan and Hubei Province in China should self isolate, and NOT attend education or work for 14 days. See [NHS.UK](https://NHS.UK) for advice on coronavirus.

**If there is an emergency, call 999 immediately**

# CATCH IT

Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

# BIN IT

Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

# KILL IT

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.
