**Summer 1 - Week 28**

This week we pray for...

... Our Year 4 Children

Dear Parents, staff and children,

It has been wonderful to welcome everyone back after our Easter break. All children should have returned to school in Summer uniform. The sun is shining and we hope this lasts! Could I please ask that when the weather is warm and the sun is shining children come to school wearing sun cream and a sunhat. All children should have a water bottle that they bring in and take home from school daily.

On Wednesday 28th and Thursday 29th April there will be renovation work completed over night in school. There will be a group of electricians on site from 6pm until 6am both nights converting our current lighting system to a more energy efficient system. There will be no noise as all of the work is been carried out internally and this should cause no disruption to our surrounding neighbours.

It has been lovely to have our clubs back up and running this week and the children have really enjoyed themselves. We will let you know of any future clubs that we will be running in the next few weeks.

A quick reminder about the School, Parent and Family association (SPFA) Annual General Meeting. This will take place on Monday 26th April at 6.30pm at Hollyfield's Club. It is a good opportunity to meet new people and support the school. The SPFA are looking for new class representatives and volunteers to help organise and support events that raise money for the school, which in turn benefits all of our children.

Finally we welcome Kyanove and his family to our school community. Kyanove has joined our Reception class and has settled in well.

Have a wonderful weekend everyone!

Mrs Calvert-Lyons  
Head of School

# Advice on the coronavirus for places of education

## How serious is the coronavirus?

- It can cause flu-like symptoms, including fever, cough & difficulty breathing
- The infection is not serious for most people, including children
- There is currently no vaccine
- Most people get better with enough rest, water to drink and medicine for pain

## How likely are you to catch the virus?

- You can only catch it if you have been close to a person who has the virus
- The chance of being in contact with the virus is currently low in the UK
- If you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

## How can you stop coronaviruses spreading?

### If you need to cough or sneeze

**Catch it**  
with a tissue

**Bin it**

**Kill it**  
by washing  
your hands with  
soap & water or  
hand sanitiser

### You should wash hands with soap & water or hand sanitiser

**After breaks  
& sport  
activities**

**Before  
cooking  
& eating**

**SCHOOL  
ETC.**  
**On arrival at  
any childcare  
or educational  
setting**

**After using  
the toilet**

**Before  
leaving  
home**

**Try not to touch your  
eyes, nose, and mouth  
with unwashed hands**

**Do not share items that come  
into contact with your mouth  
such as cups & bottles**

**If unwell do not share  
items such as bedding,  
dishes, pencils & towels**

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: [campaignresources.phe.gov.uk/schools](https://campaignresources.phe.gov.uk/schools)

## What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call **NHS 111** for advice. Follow the UK Government advice for childcare or educational settings [gov.uk/government/publications/guidance-to-educational-settings-about-covid-19](https://gov.uk/government/publications/guidance-to-educational-settings-about-covid-19). Parents can visit [NHS.UK](https://NHS.UK) to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Wuhan and Hubei Province in China should self isolate, and NOT attend education or work for 14 days. See [NHS.UK](https://NHS.UK) for advice on coronavirus.

**If there is an emergency, call 999 immediately**

# CATCH IT

Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.

# BIN IT

Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.

# KILL IT

Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.
